## PLATFORM DEMOCRATIC WHITE MEN'S

PARTY OF MISSISSIPPI. WHEREAS, The people of the ten Seceding States, through their Constitutional Conventions, have declared their Ordinances of Secession to be null and void;

AND, WHEREAS, The popular struggle upon these great questions has resulted in a union of all conservative men, without regard to former party ties, and in the establishment of a powerful and successful opposition to this hateful despotism under the lead of the National Democratic Party, whose principles and policy on these questions are in strict accordance with the political views of this Convention. Therefore Resolved, That we hereby adopt the name

Resolved, That the nefarious design of the Republican party in Congress, to place the white men of the Southern States under the governmental control of their late slaves, and degrade the Caucasian race as the inferiors of the African negro; is a crime against the civil ization of the age, which needs only to be mentioned to be scorned by all intelligent minds, and we therefore call upon the people of Mississippi to vindicate alike the superiority of their race over the negro, and their political power to maintain constitutional liber-

## The White Man's Party Organ-

By reference to the proceedings of the Central Committee appointed by the late Conservative Convention, to be found in another column of this paper, it will be seen that the white men of the State are to be organized into one active working mass, in opposition to the negro dynasty now seeking to fasten itself forever upon the body politic through the agency of the acts of Congress, and to subvert the government of the Constitution.

Our brethren of the press are requested to publish these proceedings, and to urge the people to meet in their numbers, and at once organize for the great struggle. Let every patriot be at his post. In the Perils of Death. The extreme legislation proposed by the Rump Congress in reference to the Supreme Court, the President and the Southern States, is unmistkable evidence that the Radical leaders consider the party in a desperate condition, from which it can be saved only by desperate measures. It can be no more damped if they fail than it will be damped if they fail without these desperate measures and they may survive by their adoption and success. Such is the reasoning of the desperadoes.-Cincinnati Enquirer.

GENTLEMEN: - Your letter of this date is at hand, and I have no hesitancy in making an immediate response. Earnestly advocating in the past, the policy of pursuing our local struggle against Radicalism, under the name of the Constitutional Umon Party, which has exhibited so much strength and wisdom, I am not prepared to abandon my former convictions in this regard, but whatever opinions I may entertain concerning the policy adopted by the convention, since our principles were vention, I cannot in my deliberate judgment, sanction a third party movement. If it was impolitic to adopt the Democratic name, it would be disastrous if the Conservatives were divided; and hence I say to you, my friends, and to all who have acted with me in this momentous struggle, in my judgment it is our luty, nay, our salvation to strike together:
